We've Been Elfed

You've Been Elfed

The Christmas Elf has come to town, to leave some goodies,
I see you've found. Please spread some of this good cheer
& continue this greeting 'cause Christmas is near.

First post the elf where all can see. And leave it there until Christmas Eve.
Then make two treats with two notes like this, deliver to 2 friends who the
elf has missed. Lets share in this spirit of friendship and love.
That's what Christmas is really made of. - Merry Christmas
